## Requirements for IB2 applicants

Under certain circumstances, Söderportgymnasiet *may* accept admitting a transfer student from another IB World School into IB2. Upon receipt of a transfer application, the IB Coordinator will request all

necessary information from the school where the student has attended the IB program to date. The application for transfer may not be granted before all information requested has been received.

The following are extracts from IB Organization's "Handbook of procedures for the IB Diploma Programme 2016", section A7.4 Transfer candidates – A7.4.1 Policy:

*“The term “transfer” refers to a candidate who moves from one IB World School to another IB World School during their Diploma Programme in order to continue their studies and to take IB examinations.*

*Schools may accept or refuse transfer candidates at their own discretion: the IB places no obligation on schools to accept such candidates.*

*Coordinators are advised to carefully consider the implications of accepting transfer candidates before they make a decision. Careful consideration must be given to whether the accepting school is able to provide continuity in the transfer candidate's study for the Diploma Programme. The accepting school may not offer the same subjects as the candidate's original school.”*

The transfer decision is made by IB Coordinator and IB Principal upon careful review of all documentation.

For further information and transfer application guidance, please contact IBP Coordinator Anna Cederlund at [anna.cederlund@utb.kristianstad.se](mailto:anna.cederlund@utb.kristianstad.se)
